

## Prayer for the Protection of Human Life

Heavenly Father,  
 Lord and Maker of all that is good, Fill our hearts  
 with joy before the wonders of Your creation.  
 Open our eyes to the presence of  
 Your beloved Son Jesus  
 in all those we encounter and especially  
 in the weakest and most vulnerable among us.  
 Where we see life threatened, at its beginning or  
 at its end, or by poverty and deprivation,  
 inspire us with love and mercy, so that,  
 empowered by Your Holy Spirit,  
 we may work together to defend human dignity.  
 Help us to build a culture of life,  
 a culture in which each and every person is loved  
 and valued as Your child,  
 from conception to natural death, and in every  
 circumstance of life.  
 Amen.

## National March for Life – May

This is an opportunity for pro-lifers across Canada to witness to the right to life in this country and to expect from the federal government that it protects the lives of Canadian children who are threatened by abortion. The March for Life will also take place in every province in front of provincial legislatures.

## 12 Hours of Prayer for Palliative Care – May

Initiated by CWL, this is usually held during National Hospice Week in May. The event is a prayerful and profound witness for the sanctity of human life.

## LIFE CHAIN – October

Life Chain is a peaceful and prayerful public witness of pro-life individuals across Canada standing for 60 minutes praying for Canada and for an end to abortion. It is a visual statement of solidarity by the Christian community that the church supports the sanctity of human life from the moment of conception until natural death.

## 40 Days for Life

This is a peaceful time of prayer and fasting to pray for an end to abortion. It is a time of community outreach and for speaking out for those who cannot speak for themselves.

**The Catholic Women's League of Canada  
 believes in life from  
 its beginning to its natural end.**

***Let us not underestimate the power of so many voices united in prayer.*** (Pope Francis)

The Catholic Women's League of Canada represents almost 80,000 women across Canada, in every province, territory and in the military. Members address the respect and protection of all human life from conception to natural death -locally, nationally and internationally.

Being pro-life invites members to take action. They see God in the destitute, lonely, disadvantaged, ill and those in palliative/hospice care. To be pro-life is to cherish life from conception to natural death. As advocates, members make their sisters aware of issues such as abortion, euthanasia and physician assisted suicide.

This pamphlet is an invitation to members to pray, walk, write and work until all human life is respected and cherished. We need to ask ourselves, "What more can I do to support ALL stages of human life?"
