## Description of proposed use of crest:

## Criteria:

Permission to use the crest must be obtained from the national executive:

- by submission of this form, forwarded to national office outlining the intended use
- with an enclosed sample, if possible, of the proposed item

Production and distribution of the intended item may not begin until written authorization has been obtained from the national executive via the executive assistant at national office. When copied, it must be reproduced accurately and with care. A hand-drawn crest seldom results in what is considered an “authentic” reproduction. The inscriptions, as they appear on the crest, must be included in their entirety and not replaced by other words: i.e.,

- “The Catholic Women’s League” (top of blue outer circle) – gold letters
- “of Canada” (top of white inner circle) – gold letters
- “For God and Canada,” League motto (bottom of blue outer circle) – gold letters

Any use of the League crest must be tasteful and in keeping with the respect and dignity accorded to it as the insignia of the organization. Councils are reminded that national office stocks a wide range of items featuring the crest as well as crests available in different materials and sizes.

**I confirm that the crest, once delivered, will be used only for the purpose outlined above and then destroyed.**
