

# Legislation Annual Survey - 2021

ID. Council Code (e.g. SC-015)  
name

## Introduction

Thank you for participating in the annual report survey. As parish council legislation chairpersons, your report will provide essential information to be used for diocesan, provincial and national perspectives.

The legislation standing committee may be vacant, however, your council will be completing the duties of the legislation chairperson under other committees. Kindly continue to fill out the survey to include the work being done by your council.

The survey will have questions to "skip" if you do not have a standing committee chairperson for the position. The intent of this question is to report the personal growth the chairperson experienced. It is imperative we hear if your council was able to fulfill the progress related to that question. The work accomplished by your council can be identified in the last question of the survey where it asks to share any other activities of this position not yet reported.

Please do not be intimidated by the length of the survey. There are many options but it is perfectly okay to leave questions unanswered if your council has not pursued a certain topic.

Thank you for completing this annual survey. Your input is extremely important in giving us a better understanding of all the wonderful works being done and what is of interest to our members across Canada.

Your voice provides valuable input for the future of the League.

Glenda Carson, National Chairperson of Legislation
